

American Rescue Program

The City of Lebanon is scheduled to receive \$576,726.70 from the American Rescue Program. Specific guidelines for the use of the funds were sent to us by The Treasury Department Branch of the Federal Government. Water and Sewer infrastructure were an approved category for the use of the funds.

The proposed projects are as follows:

1. Televis McAllister Sewer Main to determine the need for replacement or repair.
2. McAllister Street Sewer replacement or repairs if necessary.
3. McAllister Street Water Main Replacement.
4. Hunter Street Lift Station Replacement.
